Natural beauty

Inspired by Fibonacci's golden ratio, our keypad brings **natural beauty to the heart of your home.** Its avant-garde looks elevate even the most sophisticated interiors.

The touch-sensitive surface allows **effortless operation for an unprecedented user experience.** The icons & interchangeable labels can be customised to your own taste.

Fibonacci comes in all premium Basalte finishes to blend in with every interior or to stand out as **a true design statement.**

bronze

WELCOME HOME

When approaching Fibonacci, its backlit laser-engraved labels **subtly light up to welcome you home.**

4-button
brushed nickel

The new reference

Designed to match any decor and sized to fit common single gang outlet boxes in Europe and the US.

Integrates with KNX, Crestron[®] as well as Lutron[®], making Fibonacci suitable for luxury homes **all over the world.**

Your personal touch

Configure the multitouch function to **control anything at home**. Touch more than one surface at the same time and the room dims into the right scene, music starts playing, the temperature rises and the curtains close. **Ready for a cosy evening.**

An internal temperature sensor discretely reports the room temperature to the home automation system.

The multicolour LED in the middle can be programmed with any colour that pleases you. It is used for status feedback or simply for you to find Fibonacci in the dark.

2-button
